

READY CONFETTI

The night before school is exciting and fun,
There's always so many things to be done!

Your clothes are all ready, your backpack is too.
Your classroom is full of so many fun things you will do!

Lots of questions are probably going through your mind,
Like where will I sit and will all of my classmates be kind?

So we got this cute confetti pouch to carry with you,
Full of bright promises for the whole school year through.

Take it with you to school and from place to place,
And let it always bring a smile to your face.

The confetti will remind you to dazzle throughout the day
To work hard, be kind and have fun as you play!

We're super excited for you,
and hope that all your dreams come true!

Love,
